Upcoming dates for the next talks: July 16-August 13, and September 10, 2023

Who was Eileen George?

Throughout the history of salvation, God has chosen ordinary people to show His love to the world. These people have been given extraordinary gifts to assist in their God given mission. In our times, so wrapped in confusion and uncertainty, the Lord has done just that. He has raised up a woman, a wife, mother, grandmother, and great grandmother.

Extraordinary gifts of inspired preaching, healing, prophecy and knowledge were just a few of the many supernatural graces that the Father bestowed upon Eileen to lead His people back, or deeper into the life of the Sacraments. The power of her preaching moved full churches to receive the Sacrament of Penance with many Priests performing the Sacrament for long hours.

The same traits were found in Eileen George. She was a woman of deep faith. Her whole life was centered on Jesus Christ and the road to holiness. Eileen had a deep love for the Sacramental life. In her own words, "I could not live one day without receiving the lover of my soul in Holy Communion."

Eileen's ministry is in complete submission to the Church. Through the years, Eileen's spiritual life was guided by a Trappist Monk, and her ministry directed by the monk, an Archbishop, and several priests. All of Eileen's books and video tapes were scrutinized by the board of directors before they were released to the public.

Eileen's teaching and healing ministry began through the direct intervention of the Bishop of Worcester, and continued under his guidance. All of Eileen's services, conferences and retreats were only accepted after she received a letter of permission from the Bishop of the diocese that she entered. Eileen's ministry was praised and welcomed by Bishops and Cardinals from around the country and the world.

Eileen entered eternal life on 14 May 2017.
